

Important: Please read carefully

GUIDELINES FOR USE OF OFF-STREET PARKING GRANTS (Updated 2008)

Applicants are advised that the aim of the provision of this grant is to decrease the traffic congestion problem that occurs in various streets around Stanley.

- The maximum amount available is £750.
- There are 6 grants available during the 2007/2008 financial year.
- Only one grant per property is permitted
- When submitting a bid form, a complete breakdown of all the costs likely to be incurred must be provided.
- Please provide a site plan of the property, clearly showing the area to be used for off-street parking.
- Applications are put to the Planning & Building Committee for consideration.
- Each application will be judged on whether it fits into the eligibility criteria of:
 - Whether it is within the Core Area (Snake Hill to Reservoir Road, Davis Street to Ross Road);
 - Whether the provision of parking is a Planning condition; and
 - Whether there is a recognised congestion problem in the area.
- If successful, the grant must be utilised within 6 months of approval.
- Invoices must be submitted for payment to Environmental Planning Department within 6 months of approval date.
